Examiner's Amendment

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with James F. McKeown on June 7, 2006.

The application has been amended as follows:

In the Specification:

On page 2, line 17, changed "profile legs" to --profile side walls--;

Same page, line 19, changed "legs" to --side walls--;

Same page, line 20, changed "legs" to --side walls--;

On page 6, line 14, changed "legs S1, S2" to --side walls S1,S2 --;

Same page, line 15, changed "legs S1" to --side walls S1--;

Same page, line 16, changed "legs S2" to --side walls S2--;

Same page, line 17, changed "legs S1" to --side walls S1--;

Same page, same line, changed "legs S2" to --side walls S2--.

In the claims:

Claim 1, line 15, changed "side walls" back to --legs--;

Claim 9, line 2, changed "side walls" to --legs are--;

Claim 11, line 1, changed the dependency from "claim 4" to --claim 1--;

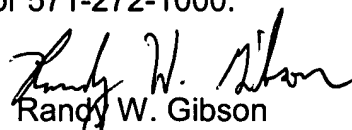

Claim 20, line 16, changed "side walls" back to --legs--.

Changes were made to the written description to match the changes made to the claims. Changes were made to the wording of the claims to correct an error in the amendment. It should now be clear that elements S1 & S2 are the "side walls", and that the term "legs" is referring to elements 22 & 23. The dependency of claim 11 was changed since claim 4 no longer exists.
